

AFC Dog Chunks

AFC Dog Chunks is a economy dog food containing 21% protein and 8% fat. The dog food was developed to provide all the nutrients needed by growing dogs, mature working, mature dogs, and lactating/gestating females. This feed utilizes ingredients that provide all the essential amino acids needed by a dog that is actively working. Feed amounts should be increased or decreased based on activity level of the dog, overall condition of the dog, and environmental considerations. Feed only the amount that a dog will readily clean up. Do not over feed. Feed grown dogs once daily .
