Feeding Directions

This feed can be provided to all classes of cattle at a rate of no greater than 2% of body weight

CAUTION

WARNING: A withdrawal period has not been established for this product in pre-ruminating cattle. Do not use in calves to be processed for veal.

CAUTION: The safety of Lasalocid in unapproved species has not been established. Do not allow horses or other equines access to feed containing Lasalocid ingestion may be fatal.

Do not feed to sheep due to copper levels in this feed.

Always provide a source of fresh clean water, and free choice minerals. When making feed changes in an animal's diet, allow a 7 to 10 day transition period. Provide ample feeder space for livestock. Do not feed wet, moldy, or insect infested feed
