Manufactured By

ALABAMA FARMERS COOPERATIVE, INC.

Decatur, Alabama 35601

Feeding Directions:

AFC 13% Protein Tevaco Hog Ration is a economical feed formulated to meet the needs of growing and finishing pigs. The feed utilizes different all natural ingredients to supply the needed amino acids in the diets of swine for growth and muscle development. The high grain content insures fast growth, and acceptability, while the low fiber content insures that the pig will be able to utilize the feed. This feed also contains the macro minerals calcium and phosphorous in the proper ratios for absorption. This feed should be fed free choice and pigs should consume close to 3% of their body weight in feed per day. This feed is non-medicated and can be fed up until slaughter. Do not use this feed as a pig starter. Do not feed this product to any other class of livestock.

Important Management Practices:

Always provide a source of fresh, clean water, Do not allow feed to become wet or moldy. Always keep feeders and waterers clean. When changing feeds, allow a 5 to 7 day transition period. Feeding in any manner other than directed can lead to nutritional disorders. Consult an Animal Nutritionist before feeding this product in a manner other than directed.
