Feeding Directions

Feed Formax Grazing Gold M 14% free choice at the rate of 4 ounces per head per day. Provide one covered mineral feeder for every 20 to 30 animals. Locate each mineral feeder near a clean fresh source of water. Mineral consumption levels will vary depending upon the mineral status of the animals.

WARNING: *Formax Grazing Gold M 14%, which contains added copper, should not be fed to sheep or any species with a low tolerance to supplemental copper.*

CAUTION: *Follow label directions.*

Consumption of Selenium should not exceed 3 mg per head per day. Feeding 4. oz. of Formax Grazing Gold M 14% will provide 3mg Selenium per head daily.

This product was manufactured in a facility that does not handle or store products containing animal proteins prohibited in ruminant feed as described in 21 CFR section 589.2000.
